

## Tip for families Geocaching - the modern treasure hunt

### Welcome to Wusel's treasure hunt in Achenkirch!

The rucksack which you will receive at the Information office in Achenkirch will contain all the necessary equipment for the treasure hunt. Wusel's treasure hunt is a simple multi-cache hunt in the surrounding area. The eight family-friendly stations are scattered around the village of Achenkirch. The duration depends on you - from two hours to a day's outing - because some of the stations invite you to linger. You will need to find out the correct target coordinates to find the treasure. At each waypoint you will find a clue that will bring you a step closer to your goal.

Further information is available at the Information offices of the Achensee holiday region.
